### **Burnside – The Only Town on Lake Cumberland**

Located on Lake Cumberland, scenic Burnside is home to General Burnside Island State Park. This beautiful park stands to honor the famed Civil War general, Ambrose Everett Burnside. Burnside was also once the endpoint for the route of the famed Burton Stagecoach from 1896 to 1915. Today, it's a quiet place where many go to retreat from the stress and strain of the big city. To learn more about historic Burnside and its unique history visit [www.burnsideky.org](http://www.burnsideky.org) Burnside is also the only town on Lake Cumberland to provide unique dining and alcohol by the drink. By the way Lees Ford, although accessed via Nancy, is also considered to be a part of Burnside.

### **Nancy – Home of Millsprings Battlefield and Museum**

Liberty on the Border will be at the Museum thru January 6, 2008. This innovative exhibit invites visitors to experience the American Civil War. Other events, including major reenactments are held here throughout the year. For more information visit [www.millsprings.net](http://www.millsprings.net)

### **Cumberland Falls State Park**

Located within a 30 minute drive of Somerset, Cumberland Falls State Park is home to the only Moonbow in the western hemisphere. There are many miles of walking and hiking trails near the falls, with spectacular views year around. For more information visit [www.cumberlandfalls.org](http://www.cumberlandfalls.org)

**Somerset** is home to many restaurants and shopping venues. We also have two **Wineries** located within minutes of town. For more information on these and many more things to do visit [www.lakecumberlandtourism.com](http://www.lakecumberlandtourism.com)

#### ***Transportation***

- Transportation will be provided for Wednesday and Thursday night events only. The bus will transport between all listed lodging and the Center between the hours of 5:30 and midnight.

#### ***Directions***
